Our brand new A350 is packed with innovation, thoughtful features, and unmistakable Virgin Atlantic style

With its sleek looks, cute little turned-up wingtips, and fresh thinking, the A350 is a big step up. It's given our design team a chance to work their magic on the entire cabin space.

From nose to tail, they've reimagined the experience for every seat, placing the emphasis on style and comfort. Think enhanced storage, subtle mood lighting, bespoke fabrics, and thoughtful touches such as USB ports for every seat and the latest entertainment system.

Top that with all the warmth and attention you'd expect from a Virgin Atlantic cabin crew, and you've got a package that will quietly revolutionise your air travel.

You're looking at extra-large, luxuriously stitched leather seats with comfy legrests and footrests. Plus a 13 inch screen to enjoy the hours of entertainment, a generous 7 inches of recline, and a storage space top-up.

Every suite is accessible from the aisle, faces the window, and transforms into a bed in a moment. Add in personal mood lighting, bonus storage and extra working surfaces, and you'll feel the difference.

The Loft

An exclusive lounge for Upper Class passengers, this is a place to mingle, grab a drink or dine with friends. You can even watch the view from the A350's tailcam, while our wonderful cabin crew are always on hand.
